

MUHAMMAD HAMZA

Daroghawala Lahore Pakistan | +92 348 1738071 | [Email](#) | [Linkedin](#) | [GitHub](#)

OBJECTIVE

Aspiring front-end web developer and motivated computer science undergraduate seeking a web development internship to apply and grow my skills in HTML, CSS, JavaScript, and React. With a foundation in building responsive web applications and real-world experience in communication.

Technical Skills

- **Front-End Development:** HTML, CSS, JavaScript, React
- **Version Control:** Git, GitHub
- **Database & Backend:** Basic knowledge of PHP, MySQL
- **Tools & Platforms:** VS Code
- **Soft Skills:** Communication, Time Management, Team Collaboration

PROJECTS

Apex Baza E-Commerce Website

Html | CSS | JavaScript | jQuery

Developed *Apex Bazar*, an e-commerce web application featuring dynamic product listings, user authentication, and a responsive interface using HTML, CSS, JavaScript aimed at enhancing online shopping experience.

Learning Management System

Html | CSS | JavaScript | PHP | MySQL

Built a fully functional LMS using HTML, CSS, JavaScript, PHP, and MySQL. Integrated features like user registration, course management, and dynamic content delivery with an intuitive interface.

Blog Post Website

Html | CSS | JavaScript

Designed and implemented a responsive Blogspot website focused on clean UI/UX, enabling dynamic content publishing and structured layout using HTML, CSS, and JavaScript.

PROFESSIONAL EXPERIENCE

Receptionist - Zahida Welfare Hospital

Served as a receptionist at Zahida Welfare Hospital, efficiently managing front-desk operations, handling patient inquiries, and coordinating administrative tasks in a fast-paced healthcare environment.
