MUHAMMAD HAMZA

Web Developer

Lahore Pakistan | 03481738071

Objective:

Motivated and detail-oriented computer science student seeking a web development internship to apply and expand my skills in front-end technologies including HTML, CSS, JavaScript, and React. Eager to contribute to real-world projects, collaborate with experienced developers, and gain hands-on experience in building responsive, user-friendly web applications. Committed to continuous learning and passionate about creating clean, efficient code that enhances user experience.

STRENGTHS AND EXPERTISE

Programming Languages:
Html Css Javascript React

Team Leadership
Communication
Time Management

GITHUB PROJECTS

Fully Functional Responsive Learning Management System

Developed a fully responsive Learning Management System using HTML, CSS, JavaScript, PHP, and MySQL. The system enables user registration, course management, and dynamic content delivery with a user-friendly interface.

Bubble Game Using JavaScript

Created an interactive Bubble Game using JavaScript, featuring random number generation with Math.random() and dynamic DOM manipulation. The game enhances user engagement through responsive design and real-time score updates.

PROFESSIONAL EXPERIENCE

Receptionist
Zahida Welfare Hospital Shalimar Link Road Lahore

"With six months of experience as a receptionist at Zahida Wale Welfare Hospital, I developed strong communication, multitasking, and administrative skills in a fast-paced healthcare environment."
